

"These are a few of my favorite things"

(written by seller)

Property Address: 391 chester Turnpike

1. Before the summer heat arrives, opening the windows to have that morning cup of coffee with scent of flowers, birds on the feeders and breeze.
2. Love that the old stone walls that stretch along the property have survived, and that every rock we've dug up to make gardens or a walkway get used for my own perimeters and lean against the foundation for fun.
3. Hearing the spring stream going under the bridge and through the stone wall and piping
4. Decking out the house outside & in for December holiday. Friends call it the Christmas house.
5. Seeing the past mix with contemporary features - a kitchen with lofty expanse of white & gray with countertops and high stretching cabinets in one room and original wide-~~plank~~ wood planks in the many other rooms.
6. Seeing the moon and stars in the skylights at night while watching TV or reading.
7. Learning so much about the family that crafted this wonderful home (the courts) & traditions
8. Being in a neighborhood where everyone helps out one another
9. The loft over the years has hosted pillow fights with nieces & nephews, games, work, and naps
10. My husband says sitting on the deck or in what we call "our driveway bistro", having snacks or meals outside, ~~are~~ his favorite spots on the property. (Fall is beautiful, too) He loves to grow veggies. In summers we just walk outside & pick tomatoes, cucumbers, lettuce, summer squash and more. Joe has carried on his family's tradition of always →

Saving peach pits for next years' yield, so
there's a long line behind those too 😊
